Dear Hughie,

We face a multitude of human problems which your campaign pledges were designed to resolve. Yesterday's Conference was only one case in point.

Please take time to read our Commission's recommendations very carefully before you give up the idea of presenting your Program on Civil Rights to the City Council on August 8th.

Personally, I think you will be making a mistake if you don't take advantage of the situation and make your strike while the iron is hot.

Believe me --- you have nothing to lose and a helluva lot to gain.

Cordially,

Dan

Al, since he doesn't have time  
to read, I shortened your  
approved letter & sent this  
as my hope for our expansion.
